

LET'S GET QUIZZICAL

This is not your regular pub quiz! A great after dinner activity, this 1.5 hour quiz night includes a five question round format and gives everyone a chance to contribute to the team result.

Teams of 10 people participate in the rounds plugging their answers into a unique app on an iPad giving an instant scoreboard update. This fast paced and interactive night involves the Quizmaster moving around the room and keeping teams engaged and wondering what is coming next! Quiz rounds include Music, Film & Television, Sports, Current Affairs and more! Let us know if you would like your Quiz to involve specific content around your business and brand.
